100171	Projeto de Curso	8	3	S1	TP1,
100172	Análise de Grandes Volumes de Dados	6	3	S1	P2,TP1,
Total:		12 enrollmen			60 ECTS

*If "TPWISH" appears in this field it means that the other classes are full for the curricular unit and you don't have vacancy. Choosing this class will not guarantee that the class will open and you will be able to enroll. Depending on the number of students who chooses this class, the Direction Board will decide if the class (marked on blue on the Timetable) will open or not. If open you will be enroll by the Academic Services.

Terms and Conditions 2025-26 [Anual]

1. Tuition fee – Payment types

I acknowledge that by enrolling in this course I have to pay the tuition fee in its entirety. The tuition fee for the course attendance is annual and the student can pay in installments or in full (information available on the website of your course at NOVA IMS in "Admission and Tuition Fee"). On the same page there is also information about the discounts that will only be granted upon request of the student on the first payment date of the tuition fee (student must inform us if you want to pay in full or in 4 installments). For this purpose please send us an email to sfinanceiros@novaims.unl.pt requesting the discount and respective proof of discount (if applicable).

If the student employer is the responsible for the payment of tuition fees, the student should also send an email to sfinanceiros@novaims.unl.pt with all the information necessary for the invoice or can request through the Netpa Portal/Bursary/payments

2. Enrollment Course Suspension

In case of enrollment suspension/cancellation the vacancy can be ensured to the next academic year if the student inform us, in the 90 consecutive days, starting on the first days of classes. Please be aware that the enrollment suspension do not exempt students to the pay the tuition fees, that must be pay in full on the same academic year of enrollment.

3. Rules of Conduct and Code of Honor for the

I. Rules of conduct

1. Show good attendance and punctuality at lessons, seminars, conference sessions and other similar sessions promoted by NOVA IMS;
2. Actively participate in lessons, seminars and other similar sessions preparing their input and contributions, helping to enrich the debate and critically discuss the relevant themes;
3. Show respect and good manners to NOVA IMS teaching and non-teaching staff;
5. Safeguard the resources that are made available to the student body as well as those that are intended for their academic advancement.

II – Code of Honor

Having the objective of the observance of ethical standards and the promotion of justice and equality of opportunity, and within the disciplinary autonomy enshrined in legislation, the Student Body of NOVA IMS undertakes not to commit any kind of fraud during their academic career, including:

1. Falsification of signatures;
2. Plagiarism in written work, tasks, projects or exams;

4. Personal Data

The data and information provided by the student on the accession of this term should be accurate , correct and true , pledging to inform the NOVA IMS in case of any change.

The students credentials at NOVA IMS are the same in all applications except the e-mail user, here the student need to use the domain novaims.unl.pt after the student number.

I acknowledge and accepted that by enrolling in this course I have to pay the tuition fee in its entirety even if I suspended/cancel the enrollment in the course.
